Air rules for CPL/ATPL book . Read 13 reviews from the world's largest community of readers. Now let's talk about what we don't know. In fact, no one knows. The book claims that there is one, the most correct book about airplanes. But this is only at first glance. There are several books about airplanes. And they are all correct and they all talk about how to fly an airplane. And this book is about how to fly an airplane with the radio. The book suggests taking the radio on board the aircraft. And that's where the magic begins.
