Rainbow Six: Vegas 2 is the sequel to the 2010 tactical shooter Rainbow Six: Vegas. After the events of the first game in the series the player will be given a full control over six operators of the covert military unit "Grey Ghost". Rainbow Six: Vegas 2 is an action game set in Las Vegas where the first strike of the terrorist attack has taken place. The players will have to infiltrate an Arab terrorist group and foil their plans. You will have to use the abilities of the special operatives of the Rainbow Team to infiltrate buildings in the city and defeat terrorists. Rainbow Six: Vegas 2 features six operatives that will be available to you. Each team member will have his or her own abilities, weapons and gadgets that will be used in the game. Rainbow Six: Vegas 2 is a turn-based tactical shooter that offers you unprecedented level of freedom and the ability to take advantage of the situations using a variety of authentic and improved weapons and gadgets. The Rainbow Six: Vegas 2 key features include: 6 operatives, each with their own individuality; A vast selection of guns, including the 70mm Claymore shotgun, a new semi-automatic pistol, a silenced pistol with an extended magazine, a suppressed pistol that fires lasers, a shotgun with a flash bang, a Taser, grenades and others; A wide range of abilities; The best intel support of the previous games; Easily control your operatives in three different levels of difficulty: green light, orange light and red light; Over a dozen of city locations; Improved multiplayer gameplay; 40 challenging missions set in the most exciting, exciting places in the world. Rainbow Six: Vegas 2 also has the Rainbow Six Dynamic Open World experience: each and every city has its own layout and story, and every map and location is created by the player using a variety of unlocks and achievements. Rainbow Six: Vegas 2 is a tactical shooter that requires strategic and accurate thinking for each situation. In terms of gameplay, each level is divided into two halves: team play and freeplay. The freeplay is the element of the game when it is not allowed to progress through the levels using the abilities of the Rainbow Team members. In team play mode the players can progress through the levels on their own, and they can use their own abilities, weapons and gadgets in order to counter the enemy and complete the mission.
